

AKASH BASNET

Offensive Security | Web Application & API Testing | Bug Bounty Hunter

Sunnyvale, CA | (619) 214-8415 | basnetakash46@gmail.com | linkedin.com/in/akashbasnet | akashbasnet.com

PROFESSIONAL SUMMARY

Bug bounty hunter credited by 25+ organizations, including Google, Apple, Microsoft, Meta, McAfee, ESET, Harvard, and Cambridge, with rewarded findings from Google VRP and Meta. 1st place winner of the Pacific Hackers Pre-DEF CON CTF (2023). 10+ years of IT and infrastructure experience, including cybersecurity support for Nepal's federal offices at Singha Durbar. BSCP and OSCP+ in progress; targeting penetration testing, AppSec, and security operations roles.

TECHNICAL SKILLS

Offensive Security: Web App & API Testing, Vulnerability Assessment, OWASP Top 10 (XSS, SSRF, SQLi, IDOR), Recon & Subdomain Enumeration, Responsible Disclosure, Report Writing

Tools & Systems: Burp Suite, Kali Linux, Wireshark, Python, Bash, Git/GitHub, Linux, Windows, macOS, ServiceNow, Jira

Defense & Identity: Incident Response, Endpoint Hardening, Entra ID, Active Directory, MFA/SSO, Conditional Access, Intune, JAMF Pro

Networking: TCP/IP, DNS, DHCP, VPN (GlobalProtect), Cisco Switches & Routers, Fortinet Firewalls, Wi-Fi

SECURITY RESEARCH & COMPETITIONS

Bug Bounty Hunter | *Independent & Bugcrowd, Remote*

2018 – Present

- Helped 25+ organizations fix vulnerabilities, with Hall of Fame credits from Google VRP and Meta (both rewarded), Microsoft MSRC, Apple, Intel, Huawei, Lenovo, Nokia, McAfee, ESET, BBC, Harvard, Cambridge, and others, including private programs.
- Found stored XSS across Google properties including Waze, a Messenger vulnerability at Meta, reflected XSS on a Microsoft acquisition, and a rate-limit bypass at BBC; disclosures covered by Nepali national media.
- Since 2026, test web apps and APIs on Bugcrowd public and private programs, including NASA's VDP, for XSS, SSRF, SQLi, IDOR, and access control flaws.
- Map attack surfaces with recon and subdomain enumeration, verify in Burp Suite, and report with remediation guidance.

CTFs: 1st Place, Pre-DEF CON CTF, Pacific Hackers at Hacker Dojo (2023) | Top 50 of 500, Wiz CTF | Top 500 of 5,000, DoD CTF

Conferences: Invited and sponsored to attend DEF CON (2x) and Black Hat USA (1x)

PROFESSIONAL EXPERIENCE

Technical Support Analyst | *NVIDIA, Santa Clara, CA*

Jan 2026 – Jul 2026

- Resolved account lockouts, MFA/passkey resets, and Conditional Access failures in Entra ID and Active Directory.
- Reimaged and enrolled Windows, macOS, and Linux endpoints in Intune and JAMF Pro, releasing only devices that passed QA.
- Primary walk-in analyst at the Tech Lounge for GlobalProtect VPN, Wi-Fi, and software access issues, in person and remote.

IT Manager | *Ministry of Law, Justice & Parliamentary Affairs, Kathmandu, Nepal*

Jan 2021 – Aug 2022

- Provided cybersecurity support to federal offices at Singha Durbar, including the Office of the Prime Minister.
- Enforced security policies, access controls, backups, and patching across servers, Cisco and Fortinet networks, and Microsoft 365.
- Supervised IT support staff and resolved 50+ tickets per week across Windows, macOS, and Linux within a 24-hour SLA.

IT Manager | *Global Link Technologies Ltd., Kathmandu, Nepal*

Jul 2016 – Jan 2021

- Rolled out endpoint security baselines, patch cadence, and access controls across 50+ devices, reducing incidents and downtime.
- Saved \$25K+ per year by bringing IT support in-house, renegotiating vendor contracts, and optimizing licensing.

Technical Support Analyst | *Online Computer, Damak, Nepal*

Jan 2014 – Dec 2015

- Diagnosed and repaired hardware, OS, driver, and malware issues on Windows and Linux PCs (25+ tickets a day).

Tech Sales Representative | *Online Computer, Damak, Nepal*

Jan 2012 – Dec 2013

- Advised 40+ customers a day on computer hardware and software purchases.

CERTIFICATIONS

Google Cloud Cybersecurity 2025 | Fortinet Network Security 2024 | Google IT Support Professional 2025 | Microsoft IT Support Specialist 2025 | Certified Ethical Hacker (CEH), EC-Council 2019-2022

In progress: Burp Suite Certified Practitioner (BSCP), PortSwigger | OffSec OSCP+ (PEN-200)

EDUCATION & TRAINING

Bachelor of Business Studies (BBS) | Tribhuvan University, The Times International College, Nepal

2019

Bachelor of Computer Applications (BCA), Attended First Semester | Tribhuvan University, Nepal Mega College

2022

IT Support Training | Year Up United (Online)
